1. Blood has nothing to do with it. This just shows what mentality this woman has. Not only five husbands, but one who is your stepbrother. I just hope to God that Larry Birkhead will fight to keep her away from that baby.

6. I can't stand Virgie. A child with her StepBrother??? Yuk!! Is that the same son that was in jail for kidnapping, etc.? Now she wants to get her hands on Dannylynn's money. That's the only reason she is in the picture. Hope the judge knows all about her past when deciding who gets custody.

20. One word...Gross. It doesn't matter if it is a blood relation or not...it's still wrong! Totally off limits and not ok. So, ok, this is your Uncle and your Daddy? Too creepy

She loves so much to go on tv shows and give interviews talking about how her daughter made all these bad choices in her life and she completely blasts her and puts her down for it...well, it looks like she did what she was taught. You have to be the example your child looks up to when determining whether something is wright or wrong.

Vergie, she hated you. She never wanted you to ever lay eyes on her child. Back off. Larry I think does love his daughter and he's trying to be a good guy and let Virige be a grandma...but I think he needs to think more about Anna and what SHE wanted for Dannielynn too. She never wanted her mother to touch her child! Larry, I wish you would respect that and not allow Vergie anywhere near Dannielynn.

21. I'm confused & a bit curious - Did Virgie grow up and live in the same household with the step brother as a kid? Were they boinking as kids in the same household? Did they end up married to one another later in life? This info could be crucial in the custody case IMO.

a town 150miles away. They divorced after five yrs and she moved back to the same town where I was living. The kids grew up and married. The adopted daughter married and had a couple of kids and then divorced. My son had married and got a divorce. After some 20 yrs my son and her adopted daughter met and got romantically involved and decided to get married and had a little girl,which is one of the most important things in my life. I don't see anything wrong with what they did. But I guess in today times, it's alright to live with a dozen or so people, but just don't get married. At least Virgie got married to the ones she slept with. Lay off of Texas with all your degrading remarks. I have lived in several other states and the people in Texas are by far the friendliest people in the USA.

95. This woman is totally sick - has not business fighting for anything. SHE IS SICK SICK SICK - Wonder why Anna left home????????? I am praying Larry and Howard have enough sense to FIGHT HER and keep her away from LARRY'S baby.

Posted at 1:30PM on Apr 19th 2007 by C Sanchez

96. Kristina.... You are wrong! Most people in the South are born with a superior attitude and most are born knowing they have an edge on the rest of the country with beauty and brains. If you look up "White trash" in the dictionary you might see a photo of Virgie and her family but this is the exception instead of the rule in the south. Women in the south are educated, beautiful and ladies. Men are educated, handsome and gentleman. That sweet southern drawl is just an extra special asset. Parents raise their children to be honest and treat everyone with respect. They stress education. If we were not lucky to be born southern then in my opinion we should all get there as fast as we can. Most people in the South would not associate with people of Vergie's caliber - nor would they allow their children to associate with them. I think Howard was the best thing that ever happened to Anna. We can all understand why Anna wanted no part of her family but please remember that she wanted nothing to do with Larry either. There had to be a reason that she did not want Larry near her baby. She should be raised by Howard (as Anna wished) followed by Howard's family, followed by adoption to a good family. Not on that list should be Larry and Virgie. We see why it should not be Virgie and I think sooner or later we will see why it should not be Larry. Life is not fair and this is a good example of just how unfair life can be.

98. About Anna.....On an interview she once gave (I think maybe in playboy...first one) she said that ever since she was 10 years old...she wanted to pose for playboy. That's was the only goal she wanted to succeed...and she did. But I am pointing out is at young age Anna was infatuated with leading a different fast life style, she must have been hard to deal with and caused the friction between Virgie and herself....migh be the reason for leaving home at 15 years old.

99. DAVID:

I think you need to see someone about your unhealthy obsession with bringing Howard Stern into every post. This is about the facts of Virgie Arthur's life. Is there a reason you are so resistant to reality. I know it's not fun anymore for you right.

ps..that line about being paid has become very tired. try to understand this..it is possible that some people aren't consumed with hatred with someone they've never met.

This so called woman wants to have custody of Dannielynn...to raise her the same vial ways she was raised!!!

I only hope Larry and Howard fight...to the bitter end so this beautiful child will be raised with love and care..... with as much normalcy as she deserves!

No wonder Anna went in the wrong direction which let her to depression and drugs. Any one of us would have been in the same unfortunate place Anna was led!

129. Tit for Tat. Larry may be gay, Virgie married her step-brother, and Howie well Howie appears to do himself. Now we know it all except for who wipes their butt with which hand and how many times their bowels move a day. I imagine we will soon find out soon enough though. After all everyone is using every little bit crap they can to win the million dollar baby.

130. Come on everypne!!!!!!!!!!!!!! A stepbrother is just a polite way to refer to the unfortunate children who are a product of a divorce and a new marriage between two people. Once they divorce again they are no longer step-children. TMZ is trying to make it sound soooooo terrible! No big deal!

First of all you can't base your opinion from a 5 sec. tape. We did not see the whole tape. And we will not see it because Ford Shelly will not return it. You only saw what the media wanted you to see.

144. And then ANS was raped by HER step brother & her step father. seems to be a lot of incest going on in this family. LB needs to be sure Vergie only visits at his home and supervised visits.

146. Its obvious who the hillbilly incest survivors are on this site. Keep defending you Uncle, daddy, cousin.

Virgie is mentally/morally corrupt, and she or anyone who defends this, should not have a innocent child to raise. Stay in the hollars, and screw like one big happy family, but "normal" people find this revolting.

176. give me a break--virgie can't sue tmz--they printed the truth.

and, if you refer to some of the other storylines, i.e. mommy dearest references, they took those words from anna and it was done with a tongue in cheek attitude like they do many, many celebrities like paris hilton.

well, paris & virgie are both wastes of space but it pretty much ends there.
virgie is just such trash--too, too much to be believed!

Posted at [2:05PM](#) on Apr 19th 2007 by me

177. Anna's problems stem from her upbringing, that's all there is to it! Virgie needs to go home and let that baby settle with her dad. She will be no more a grandmother to Dannielynn than she was a mother to Anna. Larry is in for such a rough time with that woman, I'll bet you anything, she'd take a payoff to leave that baby alone, if the price were right. She's not as concerned with the baby as she is the money and publicity.

Dannielynn did not ask for that trash to be her maternal grandmother and should not be forced by any person or court to visit, period. I knew more would come out about that disgusting woman. Think about it... Svengali... yep... that's how it's all happened, and is still happening!!

488.

I have said it before and I'll say it again whenever HK\$ is around trouble follows. He was around anna, daniel, larry, bahamas and the list goes on and on. Poor Larry has to deal with all this garbage just so he can take his daughter home. When your dealing with the devil you do strange things. HK\$ is still to this day holding the child just so he can be made out to look like a nice guy (IMPOSSIBLE). Once he is done with Larry and the baby and making sure he has prouted enough then maybe he will move along with changing the BC into Larry's name. This custody has nothing to do with changing the BC.

I had step-siblings and it would have been creepy to have slept with them AND my son has a step-sister and step-brother and I can't IMAGINE EVER EVER EVER thinking it would be "OK" for them to be sexual. EWWWWWWWWWWWWWWWWWWWWWWWWWWWWWWWW- I knew I didn't like her but this is just bizarre. Maybe all those stories of incest and rape that Anna talked about were true after all.

556. #577....

I said the same thing (in so many words) Lin Wood sure has everybody on fire! Because of court tomorrow I think Howard is going to surprise everybody, that being the Howard supporters..the Larry supporters..and the Virgie (yeah!) supporters. Just wait and see.

557. Vergie had a child at 15? Larry left home at 15 (Access Hollywood? Guess they both matured early! Vergie had a child out of wedlock? Larry has a child out of wedlock. Vergie bleaches her hair and so does Larry! Gosh, they do have things in common! Is Vergie bisexual or do you know? Why did Larry leave home at 15, get his own apartment (Access Hollywood)? Was he being abused?

The Bahmain Courts will decide. I hope they make the right decision.

418. (jack sparrow--yesterday's post)

If my daughter, and grand-son died within 6 months of each other, and there was the only 1 person present at both deaths--i would spend the rest of my life finding out what really happened. I would be somebodies worst nightmare. I would not stop until the truth was revealed. The world could scream I was in it for the money to try and make me stop, but nothing could or would stop me. I would be the killers worst nightmare, and you can take that to the bank.

No one should be aloud to spend her money. I pray for this child each day. She deserves better!

646. Not necessarily. I believe as does Larry and his sister, that children should know both sides of the family. It's their biological right. I think Dannilynn would be really mad if she knew people were trying to keep her grandmother out of her life. She should see both sets of grandparents. My son is deceased, and I definately see my granddaughter!

647. Virgie does not have to have custody of Dannielynn in order to file a wrongful death suit against Coward. She can file a civil suit on behalf of her own loss of her daughter just like Ron Goldman did when OJ killed his son.

1078. *****What a shame that Playboy didn't get to publish these first NUDE PHOTOS OF THE BABY! Maybe they can rerun them with her nude spread for them when she is 18. Good thing Larry is getting her ready for her future as a nude model like her mother. Great first photo spread Larry! I'm sure many will love to jerk off to this just like others jerk off to her dead mothers pictures! GREAT CHOICE LARRY!

He is from Kentucky where incest starts YOUNG! He will fit right in with Annas family and so will their little slut daughter. Yee Haw!

Posted at [10:36PM](#) on Apr 19th 2007 by Howard was right*****

As near as I can tell, the photos of Larry and his daughter were done in a very typical, artistic fashion - ala Annie Leibowitz or some other well known celebrity photographers. Reading anything incestuous or otherwise untoward into the photos really speaks more to the character of the person viewing the photographs, as opposed to the character of the one taking the photographs.

She's out for 1 thing, \$\$\$ From her parenting skills, she has no right by law, to have any rights to Dannielynn. I haven't seen them bashed because they are American Indian, only because they are a land unto themselves like no other group in America is. The former nannies also claimed that Dannielynn suffered from colic, but was given an OVERDOSE of medication to keep her from crying.

"When I arrived at the house one day Dannielynn was sleeping and this was from 10am to around 2pm...so I became very concerned because she did not wake up for a feeding." Mrs. Alexie said.

She said she was worried because she knew this was a result of Dannielynn being GIVEN TOO MUCH MEDICATION.

The women also alleged that Ms. Smith's relationship with Mr. Stern was NOT how it appeared in front of cameras.

They said Ms. Smith blamed Mr. Stern for her son's death.

The women said they believe Mr. Birkhead will protect the baby's best interest, but they said they hope that the child's maternal grandmother, VIRGIE ARTHUR, is ALLOWED TO PLAY A ROLE IN THE CHILD'S LIFE.

I suppose Virgie's response would be "well he is my step-brother, so that would make him your father/uncle"...This just goes to show how uneducated Virgie is...like others have said "in with the trash and out with the trash"..It is very apparent that Larry can provide a much more stable home environment for his daughter than Virgie and Howard Stern put together. Just so sad....

1993. You who are in the know pleaseeeeeee by all means share, and enlighten us or be quiet. Alluding that you may have extra facts, boring.

It was not a character assassination, it is what happened. You are certainly willing to believe all kinds of things about Howard, even though he looks white in comparison to the difficulty Virgie has had. Virgie was in a bad childhood. Anyone who gets pregnant in the USA at 14 does not have a good upbringing. Sorry. So does that make 6 marriage or just 5? Thats alot of chaos for a family. Sorry, its the truth. Anna clearly did not want to be with her mother.

You think it was the drugs, I think as she grew up and was exposed to a better life, she realized while speaking to others that what happened was really abhorrent.

I think the drugs relieved pressure and pain. They helped her (ANNA) cope. Her mothers

2011. This woman is just trash. Come on, a kid with your step-brother??? That's gross and totally low-class. No wonder Anna Nicole had such warped views on things. No wonder she hated Virgie. When Virgie crawled out from under the rock she lived under, someone should've hit her with it. I pray that Larry Birkhead fights to keep Virgie from having ANY unsupervised visitations with Dannielynn. Who knows what warped views she could give her while in her care! 2013. HKS Haters may be writing his rights off too soon....remember when someone wondering what he had up his sleeves....It just may be the "putative spousal" rights someone else in the blogs had already alluded too. Putative spousal rights in California can sometimes trump actual spousal rights....incredible..dug this up in JSTOR..International Comparative Law Quarterly...

"It is settled law at least since a California Supreme Court decision in 1948, that, notwithstanding statutory provisions allowing a "surviving spouse", clear rights to an estate upon intestacy, the putative spouse with whom the deceased lived as man and wife, will inherit as if a widow,-thus defeating in its entirety the claim of the non-cohabiting wife. The Court, apparently applying a notion of "equity" or feeling of charity towards the one "imposed upon most egregiously and in that way and in that way which a woman can be imposed upon"--was prepared to give broad rights to the PUTATIVE SPOUSES, in the spirit of section 4454....."

Boy oh Boy.....HKS may just have a better case than just being the "baby daddy"....
